PMA's Money Tree: The Moran Example

Federal Election Commission records show hundreds of thousands of dollars in campaign donations from people employed by firms that share senior executives with the PMA Group, frequently to the same candidate on the same day. The data below, all donations to Rep. Jim Moran (D-Va.), is an example of the pattern. Job titles and employment information are reprinted exactly as they appear in data provided by the FEC. Note that this information is provided by the campaigns and is sometimes inaccurate.
